## 2022 Agent Training and Certification

**Both NAHU and AHIP Now Available!**

For 2022, Highmark will recognize agent training and certification from two organizations: **AHIP**, and **NAHU**. **You only have to achieve certification from one of the two; however, all requirements for either must be completed prior to selling 2022 Medicare Advantage products.**

(Note: You are still required to complete Highmark's Medicare training in addition to training/certification through AHIP or NAHU.)

### **2022 NAHU Training and Certification - Available Now!**

For 2022 Highmark will once again accept training and certification from NAHU, in the form of their

Medicare, Medicare Advantage + Compliance Requirements Certification course. Like AHIP's offering, this training meets all CMS requirements and compliments Highmark's plan-specific training for brokers and agents.
