EASY STEPS TO COMPLETE YOUR CREDENTIALING

STEP 1 – Selling State Designation

Selecting states that you are not licensed in will stall your credentialing process. Click 'Continue'.

Welcome Adrienne Tester !

Welcome to the Prominence Health Plan RTS Certification Process for Medicare Advantage Plans.

During this process, you will complete steps to reach a "Ready to Sell (RTS)" status. Each step helps us ensure we follow the CMS requirements to ensure all Producers are credentialed and certified to sell Medicare Products.

If you need to pause and leave the process at any time, the system will automatically remember where you are and bring you back to the appropriate place where you left off.

Once all requirements have been met, you will be able to reach your end user portal where you can review all items from the Onboarding Process plus review and manage your book of business and commissions. This system will serve as a single source for all Onboarding and Commission related items.

Please be reminded, you may not begin soliciting Prominence Health Plan products until you have successfully completed the annual certification process and have received a "Ready To Sell" notification. Failure to complete this certification in its entirety will result in an ineligibility to market and sell Prominence Health Plan Products.

Please start by selecting the states that you plan to market Prominence Products.
